DOES **AMERICA** SHOW US THE NATURE OF GOD?

Romans 1:20: (NASB) *For since the creation of the world His invisible attributes, His eternal power and divine nature, have been clearly seen, being understood through what has been made, so that they are without excuse.*

Special Guest: Tom Gilbert

241 years ago tomorrow, the course of world history changed, for on July 4th, 1776 the 13 colonies adopted "The Declaration of Independence" and proclaimed themselves to be The United States of America. Since then these United States have risen to become a world power and have been the source of many amazing world innovations. One innovation that seems to never be talked about or even noticed is this country's profound contribution to recognizing, appreciating and preserving the wonders of the natural landscape: Nature. It covers the world with its intricate complexity, its unfathomable beauty and its breathtaking majesty. For most of us our park system does not feel like an innovation; rather it feels like a common scarcely noticed commodity - yeah, we have National Parks - cool! Today we stop for a moment and ask how these National Parks came to be, what was the motivation for their existence and what does all this have to do with Almighty God?

Do to the length and depth of this subject matter, a Summary Only Rewind is not available. Please sign up for the **Full Edition** in order to follow along visually with this exciting program!
